CERTIFIED RETURN RECEIPT REQUESTED  
P 001 717 710

Mr. Lance Jackson  
Interstate Brick Company  
9210 South 5200 West  
West Jordan, Utah 84084

Dear Mr. Jackson:

Re: Permit Deficiencies

Interstate Brick has failed to make adequate progress in completing the permitting requirements for the following operations:

M/031/002	Koosharem Mine
M/045/006	Five Mile Pass Mine
M/049/004	Powell Mine
M/049/005	Jim Gay Mine

Responses to the initial review of the Koosharem and Five Mile Pass Mines are, respectively, 20 months and 16 months overdue. The reclamation estimate for the Powell Mine was due December 31, 1986 and is nearly six months overdue. The bond for the Jim Gay Mine in the amount of \$57,000 is eight months overdue. In addition, annual reports for all mine operations are almost three months overdue.

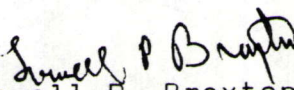

Interstate Brick Company is, apparently, taking their permitting responsibilities lightly. Please be advised that failure to submit the required bond by July 31, 1987, and other information in a timely manner will result in an order to show cause before the Board of Oil, Gas and Mining to answer why all unpermitted operations should not be required to cease and undergo immediate reclamation.
